

ODD FELLOWS HAVE JOLLY TIME

More Than 5,000 Persons Attend the Annual State Outing at Lagoon.

GRAND OFFICERS PRESENT DAUGHTERS OF REBEKAH ASSIST IN MAKING IT A SUCCESS.

The largest crowd of the season, mustering more than 5,000 persons all told, attended the annual outing of the Odd Fellows and Daughters of Rebekah at the Lagoon yesterday afternoon and evening.

When the arrangements were made at the last Grand Lodge meeting it was generally believed that not more than 2,000 would be present and so the local lodges were taken off their feet, figuratively speaking, when they saw the crowds pouring into the city early in the day. Six special trains running over the Rio Grande Western, the San Pedro, the Short Line and the Union Pacific contributed to make this the banner gathering of the year. There were delegates from Provo, Panguitch, City, Bingham, Stockton, Eureka, Logan, Ogden, Coalville and intermediate points.

There were no formalities at the railroad stations, the visitors simply getting into the nearest conveyances and coming into the heart of the city where they were met by the committee. It came time for the first of the regular afternoon trains to start for the Lagoon. The train was composed of thirteen cars, all laden heavily and it pulled out promptly at 2 o'clock. When midway between Bountiful and Centerville the train committee, a band still owing to a hot box on the first car. The car was detached and after a delay of fifteen minutes the run to the Lagoon was continued without further mishap.

Lively Scene at Lagoon.

At that resort the crowd scattered, some going immediately to the dancing pavilion, while others sought shady spots and spread blankets on the grass, and then fell to in order to see how quickly they could make the good things disappear. It was a jolly crowd throughout, and when they had smashed all previous gastronomic records they adjourned to other parts of the grounds to witness the field and aquatic sports.

In the gathering were Grand Master C. A. Walker, Deputy Grand Master Thomas M. Stringer, Grand Secretary Rev. Peter A. Simpson and Grand Treasurer F. M. Unger. The field sports were in charge of the committee comprised of Eph. Homer, of Provo, and W. H. Lepper, R. P. Quay and C. M. Jackson of this city.

The principal feature of the afternoon's field exercises was the baseball game between Logan and Park City. The former winning by a score of 4 to 3. It was a well played game and aroused considerable enthusiasm.

Next in importance to the baseball match were the athletic contests in which Salt Lake Lodge No. 2 was victorious, defeating both other teams. The highest individual score was 183.

The last of the athletic contests was played at 7 o'clock, and from that hour until it was time to catch the last train into the city the scene of attraction was the dancing pavilion.

WILL BOOM PORTLAND FAIR

Representative of Lewis and Clark Exposition to Work in Utah, Colorado and Wyoming.

Homer H. Hallack, special representative of the Lewis and Clark exposition, who has been in the city a couple of days, left last night for Pocatello. He will visit all the principal cities of Utah, Colorado and Wyoming in the interest of the fair.

Mr. Hallack says the exposition now in progress in Portland has grown beyond the fondest hopes of its promoters. The attendance, to date, numbers about 22,000. Mr. Hallack left Portland before the fair opened and cannot speak from personal observation in regard to the exhibit. The building, however, is an attractive one. It is on high ground, overlooking the city, and contains 220 acres of water. From the veranda of this building one has a beautiful and unobstructed view of the grounds and of the government buildings, which are on an island in the middle of the lake.

Mr. Hallack will return to Salt Lake about July 6, and will spend the summer quarters in this city most of the time during the life of the fair.

THREE REALTY DEALS.

St. Mark's School House and Capitol Hill Property Sold.

Mrs. Elsie C. Ball bought a lot on Capitol Hill yesterday from Boston owners, through James K. Shaw, for \$30,000. The lot is 67x125 and is west of the Capitol grounds.

The purchase of the St. Mark's school property on East First Street was completed yesterday. The records show that the property was owned by the Episcopal church of St. John. It was sold to Mrs. J. M. Schumacher for \$15,000. Mr. Schumacher is of Los Angeles, and made the purchase, while on his recent visit to the city through A. Richter. He will build some small stores in the block, and rent them for business.

Mrs. Christie P. Leigh has purchased a \$4,000 home for Mrs. W. M. Leigh, at 321 East First Street and Mrs. Beck. The house is modern, contains seven rooms and is on Capitol Hill.

PUNCH BOWL BROKEN.

Was Borrowed, and Owner Wants \$100 Damages From Mrs. Woolf.

Because she returned a punch bowl, borrowed for a reception, to Mrs. Bertha Beck in a cracked condition, Mrs. Fannie Woolf has been made the defendant in a damage suit for \$100. Mrs. Woolf resided at 321 East First Street and Mrs. Beck alleges that the defendant borrowed her punch bowl from her.

She says that when the punch bowl was loaned to her, it was in good condition, but that when she returned it, it was cracked and she was unable to return it to the owner.

"There's a Reason."

WILL HEAR NEWHOUSE

Council Committee Decides to Take Up His Light Franchise Application Next Week.

The application of Samuel Newhouse for an electric lighting and power franchise, which has been pending before the committee for two months, was taken up by the council committee of municipal laws and street last evening, and a motion was adopted that it be considered at the next meeting of the committee. The committee also decided to notify Mr. Newhouse or his representative to be present at that meeting.

Action on the application of the Citizens' Heating & Power company for a fifty year's franchise was postponed for one week.

The objecting property owners succeeded in convincing the members of the council committee of the council last night that the requisite frontage had not signed for the proposed grading and paving of State street from North Temple street to the Capitol grounds and of First North street, from Main to State street, and an ordinance providing for these improvements.

The public grounds committee last night considered a petition from the Santa Cruz Line company asking that company magazines located north of Beck's hot springs be moved. The company said it was about to begin blasting at its quarry near the magazines and it was afraid they would be exploded and damaged would be done to life and property. The members of the committee decided to visit the magazines on quarry Friday morning.

Before the same committee was a protest against permitting P. J. Moran to continue operating a rock crusher in City Creek canyon, and a demand for the hauling of rock and other material through the canyon be stopped. The members of the committee will investigate these matters Friday.

The municipal laws committee instructed the city attorney to draw up an ordinance forbidding automobile use the roadway in City Creek canyon. Councilman Hartenstein's ordinance creating the office of purchasing agent for the city was laid over for one week.

An ordinance increasing the fees that may be charged by the city engineer for locating corners and doing other surveying was approved.

The committee approved an ordinance making a misdemeanor for anyone making a sidewalk open, and also making it a misdemeanor to leave any open ditch or obstruction in the sidewalk or roadway unattended.

The joint committee on municipal laws and streets approved the ordinance granting franchises to the San Pedro, Los Angeles & Salt Lake City way company and to the Oregon Short Line Railroad company to build spurs and extensions of their lines within the city limits.

SCOTS' OUTING TODAY.

Thistle Club Members and Friends Will Celebrate at Resort.

"Utah's Kelvin Grove," in other words, Lagoon, will be the scene today of the big outing planned by the Salt Lake Thistle club, and it is expected that thousands of people of Caledonian blood will be present.

The excursion will be devoted to Scottish games and sports, and a game of association football will be played. This will be followed by exhibition games between the Thistle club and the local teams.

In the evening the pavilion will be the scene of competitive dances. The heads of the committees in charge of the outing are: J. M. Henderson, reception; Miss Agnes Stevenson, floor and games; W. A. Gray, all else requested to wear tartan badges.

PLAN TO PAVE STREET.

Second South to Tenth East to Be Made a Beautiful Thoroughfare.

Second South street is to be paved from Second East to Tenth East. This improvement was defeated a year ago because the property owners did not understand the value of the improvement. A petition was in circulation yesterday, and it is expected that it will be successful.

The intention of the promoters is to have the matter referred to the city council next Monday night.

Another great improvement is planned for the southeastern part of the city. This is to lay a sidewalk, and as far south as Ninth South and as far east as Tenth East, taking in all the territory between these boundaries and the business district. This is the largest and most popular street in the city.

The intention of the promoters is to have the matter referred to the city council next Monday night.

WILL MAKE VIGOROUS FIGHT FOR THE MONEY

San Francisco, June 21.—The Utah Commercial & Savings bank is preparing to make a vigorous fight in the local courts for the recovery of \$15,000 of the funds advanced by it to several members of the fraudulent bounty claim gang in Salt Lake City, and now deposited in the Union Trust company's vaults.

An announced several days ago, garnishments have been issued against the money and now a suit for the recovery of the amount has been filed on behalf of the bank. The defendants are H. Rumsby, C. W. Jones and John N. Regules, all of whom are in jail at Salt Lake. Service upon the trio has already been made and the attorneys here are patiently awaiting a formal return to be made by the sheriff.

Modern Plumbing.

At moderate prices. George G. Doyle & Co., 211 State street. Phone 152.

MUSIC AND DRAMA.

The Rittner company will present "Dora" at the Grand Opera house tonight and for the balance of the week. Miss Lanning will appear as Dora. The company is well supported by the full strength of the company. Next week the bill will be "Belle of Richmond" and "Sapho."

Proudie's Bad Break.

"Mrs. Cuscher remarked to me that it must be pleasant to be married to a clever man," said Proudie's wife. "And what did you say?" queried Proudie. "I said, of course, that I didn't know; that I had only been married once."

METEOROLOGICAL REPORT.

Yesterday's Record at the Local Office of the Weather Bureau.

Maximum temperature, 87 degrees; minimum temperature, 40 degrees; mean, 64 degrees. Wind, variable, with gusts to 15 m. p. h. Precipitation, .01 inch. Accumulated excess of precipitation since first of January, 15.34 inches.

MORE YELLOW FEVER.

Washington, June 21.—Governor Macdonald at Panama has reported four new cases of yellow fever on the isthmus.

BIG SUIT IN WYOMING.

Pratt-Leiter Fight Is On in Cheyenne Court.

(Special to The Herald.) Cheyenne, Wyo., June 21.—The fight for possession of some of the Leiter millions began in the district court today, when arguments were made on the petition of Colonel C. H. Pratt of Omaha for a redivision of the property and livestock of the Leiter-Pratt Livestock company, one of the largest concerns that ever operated in Wyoming.

Upon the death of Levi Z. Leiter, the Chicago millionaire, the Leiter-Pratt company began to close out its business in Wyoming. Several of the largest ranches in the state, one in Laramie and one in Sheridan county, thousands of cattle and horses, ranch implements, etc., had to be disposed of, and the court appointed a committee to divide the property between Colonel Pratt and the Leiter heirs.

The committee reported some time ago, but Pratt claimed the division was an unequal one and that he was being cheated out of about \$175,000 worth of property.

The Leiter heirs are fighting Pratt's claims. Over one hundred and ten affidavits have been filed in the case, fifty by Pratt, and thousands of dollars are being expended in the litigation.

Last March over 12,000 cattle and several hundred head of horses were sold, but the proceeds will not be divided until the courts decide upon a basis of a division.

Leading lawyers from Chicago and Omaha are here to represent the Leiters and Pratt, and the case is attracting widespread attention. Joe Leiter, the wheat and corn manipulator, has made several trips to Cheyenne in the interest of himself and other heirs, and it is expected he will be here tomorrow.

TRYING TO CHEAT CALLOS

Unknown Boston Party Sends Poison to Mrs. Rogers, to Be Hanged in Vermont Friday.

Windsor, Vt., June 21.—A letter containing a challenge to an offer of \$2,000 if the substance were given to St. John A. Rogers, who is to be hanged here Friday for the murder of her husband, was received by Superintendent Lovell of the state prison today. The letter was turned over to the federal authorities.

The letter, which bore no signature, was mailed at Boston yesterday according to the postmark on the envelope. It says that the sender was a woman living in Vermont and all womankind for this impending disgrace, and requested Mr. Rogers to arrange for Mrs. Rogers to take the powder which was enclosed, to be used in the execution of the sentence. The letter also said that the sender was a woman living in Vermont and all womankind for this impending disgrace, and requested Mr. Rogers to arrange for Mrs. Rogers to take the powder which was enclosed, to be used in the execution of the sentence.

JUDGE BEN LINDSEY COMING

Arrangements Under Way for Public Meeting to Be Held the Evening of June 30.

A dozen of the adult members of the Boys' Betterment league held a meeting yesterday afternoon at the Commercial club for the purpose of making arrangements for the meeting to be held the evening of June 30, when Judge Ben Lindsey of Denver will address the city.

Mathoniah Thomas on juvenile court work, Judge J. C. Osborne was appointed to defend him.

CROPS ARE HEAVY.

Weekly Bulletin Contains Favorable Reports Throughout State.

The weekly crop bulletin for Utah says: "The weekly mean temperature was below the average all over the state, though the first four days were normally warm. Following this period, cooler weather prevailed generally, with more or less cloudiness and rain, particularly over the northern and northern portions. These showers were very beneficial, especially to arid farm crops, which had been withering owing to the hot sun. A few stations reported no rain. As a rule, all irrigated crops were advancing nicely under the influence of favorable temperature."

"Grain was mostly in head, and in some localities, where the hot winds had hastened the ripening, grain was being cut. Lucerne was nearly all cut and ready for market. Some reports indicated heavy crops, and a few light. The second growth is well advanced in the southern tier of counties, and about ready for the second cutting. This week saw the crops generally of best thinning, and the fields were being extensively cultivated, with good stands. Garden stuff continued plentiful and good. Fruit promised well, and the season is looking bright."

Earlier date, there are now some indications in scattered localities, of peach yielding reasonably well. Some sections reported them gone. The range over portions of the state suffered slightly from drought, but was held up to thrive. Irrigation water was holding out well."

MARKETS ARE QUIET.

Today, However, Brisk Trade Is Anticipated by All Dealers.

Yesterday was a kind of an off day in the local markets, as the mid-week day usually is. While there was a fair display of vegetables and fruits it was nothing compared with that which will be offered today, when two refrigerated cars are expected to come from the coast. These will be laden with a supply sufficient to last, together with Utah's early products, through Saturday, so that there should be no dearth of good things for the remainder of the week.

The market for Utah products yesterday was the exception of the quotations for strawberries. The latter are coming quite freely from the Utah berries and local market. The best berry to be had yesterday was the "Blackberry" from the coast. A good specimen obtainable at the rate of two boxes for a quarter.

Pears fell off yesterday, the price dropping from 20 to 25 cents per bushel. The Utah pears were as good as that offered earlier in the week. Watermelons of good size can now be obtained at 40 cents each. They come from Texas and Idaho to find their way to Salt Lake, pending the arrival of the native melons.
